

WHO IS YOUTH FOCUS ?

Youth Focus is a West Australian, charity organisation working with young people 12-18 years of age who are showing early signs associated with suicide, depression and deliberate self harm. Youth Focus values young lives by ensuring the emotional well being of young people, developing their self worth and offering them the opportunity to reach their full potential.

We aim to provide services in a way that are “youth friendly”, flexible and personalised. These services also provide a family inclusive approach which encourages a young persons family to be involved in the counselling process, making decisions with the young person.

HOW CAN YOU HELP ?

For anyone who has lost a young person, known someone who has lost a young person to suicide or knows a young person who is finding they cannot cope, this is your opportunity to put the issue of youth suicide in the forefront and prevent youth suicide in this state.

You can support Youth Focus by donating money towards the further prevention of youth suicide, depression and deliberate self-harm for young people aged 12-18 years of age in the Western Australian Community.
